What is A Different View?

A Different View is the IAPSS monthly news magazine. It draws together student-authored news and opinion articles on topics related to politics, current affairs and international relations. As well, A Different View publishes short academic articles with a maximum of 3000 words.

What are the goals of A Different View?

- To publish an edition of the magazine every month
- To draw on the talents of students from outside of traditionally strong IAPSS regions
- To give politically-active students a voice and a chance to publish their work
- To draw attention to current affairs and to provide interested people with a view on current events
